

**Amethyst Series: Plate Mounted Axial  
Model: AM035-401**

**Common Applications**

Suitable for wall or panel mounted applications, the Amethyst Series incorporate a finger guard on the fan inlet standard.

**Electrical**

Available in 240V single-phase and 415V three-phase. Motors are speed controllable, three-phase motors are 2-speed star/delta type.

**Materials**

High efficiency fixed pitch axial impeller with external rotor motor.  
Galvanised steel fan casing with powder coat finish on some sizes as standard.

**Protection**

IP44 external rotor motor with integral thermal protection.

**Warning**

Warranty may be void if wiring and installation guidelines are not followed.

Refer to wiring diagram WD1-02 available at [www.aerovent.com.au/downloads](http://www.aerovent.com.au/downloads)  
Performance Standard ISO 5801
